Jingle Blades registration is now available on the BC/YT Section website.

There are a couple of changes this year:

Registration is 100% on-line; there will be no manual registration. Skaters may register on-line and pay on-line by credit card or they may register on-line and mail their cheques to me. If they choose to mail the payment and the payment is not received within 5 days of the registration closing, the entry will be cancelled.

All music must be on CD this year. No tapes. This is also the case for the BC Coast Competition.

Heather Tkacz will be running tests at *Jingle Blades* and the test application can also be found on the Section website. Forms and payment should be sent to Heather directly. Filling out a test paper and sending it to Heather along with the application and payment would cut down on her workload and be appreciated.

Jingle Blades is limited to 525 entries which are accepted on a first-come-first-entered basis.

Please forward this info to your coaches and those in your club who require this info. If you are not the co

2009 *Jingle Blades Interclub Competition* is now available on the BC Coast Region website (www.skatebccoast.com)

There is a big change this year in our competition registration procedures. We are now requesting that ALL registrations be completed using the Karelo.com website. This change will allow our host clubs to receive better information (completely legible information will be the biggest time saver!) with less volunteer hours needed to fulfill the registrar position.

Please note that we will still accept payment for the event via the mailing in of a cheque to the host club as well as the option is still available to pay using a credit card on the website. Accepting payment this way will also now allow for the coaches or club administrators to enter the registrations on-line to ensure their accuracy in events to be entered. But remember, if you planning to pay via cheque the cheque must be received by the host club no later than 7 days following the closing date of entries. Payments not received with the 7 days will result in the registration being cancelled.

You may use the link below to access the Karelo website directly for this competition.
